

The only Septic Tank Pumping & Port-a-John rental Service on Grand Island

Check out our special located in the lower right hand corner.

Grand Island Waste Management is family-owned and operated right here in Grand Island, NY. Since our company opened in 2013, we've treated every customer like they were a part of our family.

We will always be up front with all of our charges and will guarantee the lowest prices to Grand Island families and businesses.

I have been a long time Grand Island resident for over 50 years and would like to take this time to introduce myself. We would like to have the opportunity to be your service provider for septic tank pumping and portable toilet rental service. Grand Island Waste Management LLC looks to provide affordable and reliable septic system services for residential and commercial septic tanks.. I look forward to serving the families and businesses of Grand Island for many years to come.

Sincerely

Jim Ehde
